

AWARD DECISION

Subject: Award decision concerning the selection of personnel to be recruited within the framework of the project “XUV/X-ray lasers for ultrafast electronic control in molecules” (ERC-2011-AdG 290853-XCHEM)

According to applicable Spanish legislation and constitutional principles of transparency, equality, merit and ability, it is herein informed that:

1. On February 2013, the existence of a salaried postdoctoral position in relation with the ERC-Advanced Grant Project XCHEM was widely announced.
2. All applications received fair and equitable treatment, being their merits evaluated according to the documentation provided during the call.
3. The best candidate was contacted for a personal interview and became selected, situation that was personally informed to the applicant.
4. Not selected candidates were also informed about the final status of their applications

In Madrid, on March 8th, 2013
